

We are learning to write on lines called dotted thirds. We sometimes call this Sky, Grass, Dirt paper.

Colour the sky line in blue. Colour the grass line in green. Colour the dirt line in brown.

When using Sky, Grass, Dirt paper, all letters sit in the grass. This means that all letters sit on the solid line.

Some letters only sit in the grass. This means they stay between the solid line and the next dotted line. Let's trace some grass letters.

a c e w r u o s x m n v

Some letters sit in the sky and the grass. This means they reach up. Let's trace these letters.

t d h k l b i

Some letters sit in the grass and the dirt. This means they hang down. Let's trace these letters.

q y p g j z

The letter 'f' is special because it sits in the sky, grass and dirt. Let's trace and practise this letter.

f

It's really important that all letters are sitting on the solid line. Circle the letters that are written correctly on the dotted thirds.
